PRICE BID INSTRUCTION

- Bidder shall quote the price for package-A, B, C and D.
- Bidder have to check the % allocation for package-A, B, C based on A+B+C only. It should in the range as defined. Bidders should check the same manually before entering of the price bid because n- procure will not calculate the percentage (%) ratio. Total % distribution should be 100%.
- In any other case, it will be considered as 70% for package-A, 20% for package-B, 10% for package-C
- For package-D, Bidder has to offer the price in price bid of package-D. Positive means, bidder has to pay the amount to GIPCL and Negative means, bidder shall be paid by GIPCL.
- Total price bid evaluation for E-reverse auction shall be based on arithmetic sum of A+B+C-D.
- Respective reduction in E-reverse auction (in percentage) shall be factored in package-A, B and C only in respective ratio. The quoted price of package-D shall remain unchanged even after E-reverse auction.
- For Package-D:**
 - In case of positive price quote i.e. lumpsum buy back cost, Taxes to be borne by Bidder / Contractor**
 - In case of negative price quote i.e. Bidder demands money, Taxes to be borne by GIPCL**
