NOTE:

- The name of other reputed vendors who meets the requirement of technical specification may also be included on bidder's request, subject to owner's approval. The final make selected out of the recommended makes listed above shall be subject to owner/consultant's approval during detailed engineering.
- In case bidder proposes to procure items from parties / vendors other than those included in approved vendor list, prior approval shall be obtained by bidder from owner. Bidder shall provide reference and credentials (performance certificate, work completion certificate and other required testing certificate or approvals etc.) of the said party / vendor for review and approval. Approval or rejection of such vendor shall be the sole discretion of owner.
- Further, above lists of sub-vendors neither relieves bidder from their responsibility of successful performance of the system/sub-system/equipment & plant, contractual obligations, contract performance requirements, risk, liability nor does it limit GIPCL's right under the EPC tender/contract.
- Wherever the make is not specified for any other items, bidder shall indicate 2 or 3 reputed makes, out of which owner / consultant shall select any one which is acceptable or shall suggest an acceptable make. This shall have no price implication.
