	GUJARAT INDUSTRIES POWER COMPAN	NY LIMITED			
	(SURAT LIGNITE POWER PL				
<u> </u>	RATE SCHDULE OF A.R.C. FOR CIVIL WORKS OF SLPP-C				·
Sr. No	Item Description	Estimated Qty	Unit	SoR Rate (Rs.)	Amount (Rs.)
(A)	DISMANTALLING WORK				()
<u>(/</u>	Dismantalling work shall include working at all heights and depth including				
	storing and stacking the serviceable material and 'disposing of the debries				
	and unserviceable material to out side colony or scrap yard in plant as				
	directed by engineer.				
1	P.C.C. of any mix	0.50	M3	855.95	427.98
2	-do- for content upto 0.15 M3	1.00	No.	130.91	130.91
3	R.C.C. of any mix	0.50	M3	2391.00	1195.50
4 5	-do- for content upto 0.15 M3 Brick masonry work in Cement mortar with plaster	1.00 0.35	No. M3	405.00 352.45	405.00 123.36
6	-do-for up to 0.15 M3	1.00	No.	65.46	65.46
7	Chipping plaster of any mix	43.00	M2	85.60	3680.80
8	All types of brick flooring	0.50	M2	85.60	42.80
9	Braking & Removing of curbstone of any size	44.00	RM	32.00	1408.00
	Removal of doors, windows, Ventilation (steel or wooden), Rolling etc. with				
10	frame	5.40	M2	171.19	924.43
11	All types of floor/dedo like ceramic/ glazed/vetrified tiles etc	25.00	M2	85.60	2140.00
	-do- for content upto 0.50 M2	8.00	No.	52.00	416.00
13	Roofing sheet A.C. or G.I.	0.50	M2	95.00	47.50
	As above for roffing sheet up to 3.15 m2	0.50	No.	353.00	176.50
	Roofing sheet FRP	22.00	M2	70.00	1540.00
16	Roof Gutter A.C. or G.I.	1.00	RM	118.75	118.75
	Wooden / Aluminium partitions fully panelled / partly 'glazed / double skin ,	4.00			100.01
	Alu. Doors, Windows, etc. do for partitions, doors, windows up to 2.10 sqm.	1.00 1.00	M2	130.91	130.91
18	False ceiling including removing of Aluminium grid work novateak/ gypsum	1.00	No	256.79	256.79
19	board tiles, Aluminium strips G.I.hangers, hooks, etc.	1.00	M2	85.60	85.60
20	do as above but for qty. up to 1.00 sqm.	1.00	No	100.70	100.70
21	Removing floor spring of Alu. doors	1.00	No.	130.91	130.91
	Removing of various pipe lines (excavation and backfilling, jari cutting, etc.				
	shall be paid saperatly under relevant items) (a)'GI pipe up to 50mm dia.				
22		1.00	RM	50.35	50.35
	(b)GI, CI, SW, AC, piplines more than 50 mm and upto & incl. 150 mm dia.	1.00	RM	85.60	
	© PVC pipe upto 150mm dia.	1.00	RM	45.32	45.32
25	(d) PVC pipe above 150mm dia and upto& incl. 200mm dia.	10.00	RM	52.00	520.00
	Removing of RCC hume pipe (excavation and backfilling, etc. shall be paid under relevant items) (a) RCC				
26	under relevant items) (a) RCC pipe Upto 300 mm dia	1.00	DM	256.79	256 70
20	(b) 'RCC pipe 450 mm dia & upto 600 mm dia	1.00 1.00	RM RM	684.76	256.79 684.76
21	Fencing post (R.C.C. or Steel) including excavation & breaking cement	1.00		004.70	004.70
28	concrete etc.	1.00	NO.	161.50	161.50
29	Barbed wire each raws.	1.00	RM	2.85	2.85
	Chain link fencing including removing of M.S. angle posts, horizontal				
	bracings, top 3 raws barbed wires, (excavation, breaking of cement concrete				
30	base of 'supports, etc shall be paid under relevant items)	1.00	M2	80.75	80.75
31	-do -but for fencing upto & inclusive 3.0mtr.length at one location	1.00	M2	142.50	142.50
32	Same as above item 30 but for removing only chain link of any height.	1.00	M2	61.75	61.75
	Indian or Europian W.C., Urinals, Wash basins, Nahni trap & similar fittings.			107.05	107.05
33	Removal of existing pea gravel Tar felt water proofing treatment.	1.00	NO.	427.98	427.98
34		10.00	M2	28.50	285.00
25	Road cutting (including seal coat, carpet, semigrouting, & rubble soling,)	44.00		500 50	7040.00
35	Removing of glass panels from aluminium partition,doors, windows, etc. and	14.00	M3	503.50	7049.00
36	refixing the same as required	1.00	M2	130.91	130.91
	Cutting zari up to 50mm x 50mm with cutting machine / manually in brick	1.00		100.01	100.01
37	masonry wall for piping work	1.00	Rm	65.46	65.46
	Providing grooves in existing wall for laying of various conduites etc. up to				
38	100mm deep and 100mm wide in perfect line and shape.	1.00	RM	85.60	85.60

39	Same as above item 38 but for flooring.	3.50	RM	130.91	458.19
00	Removing of existing exhaust fan jali including necessary scaffolding and	0.00	T CIVI	100.01	400.10
40	submite at estate office.	1.00	No	147.00	147.00
	Dismantaling manglore tiles roofing including satcking at specified location				
41	etc	4.50	M2	58.00	261.00
42	Dismantling of rubble soling	5.00	M3	260.00	1300.00
D)					
B)	EARTHWORK, FILLING, DRESSING:				
	Clearing the site of all vegetation, trees, bushes, shrubs, undergrowth, etc.,				
	and disposal to dumps as instructed by the Engineer-in-charge including all				
43	lifts and leads etc., complete.	550.00	Sqm	26.25	14437.50
	Earthwork in excavation below ground level in foundation, trenches,pits,				
	drains, chambers, etc. in all class of soil except hard rock,including dewatering, shoring, strutting, if necessary, dressing of the sides and				
	bottom, stacking of useful materials as required, back filling with selected				
	excavated materials, compacting the back filling, removing of surplus earth				
	after back filling outside premises at suitable location within lead of 3.0 kms.				
	etc. complete as directed by Engr. (a)'0.0 m to and including 1.5 m				
44	(b)/Dalayy 1.5 m 8 unto 2.0 m	120.00	M3	171.19	20542.80
45 46	(b)'Below 1.5 m & upto 3.0 m © Same as above but excavation with JCB up to 5.00 mt Depth	0.25 0.25	M3 M3	201.40 211.47	50.35 52.87
40	AS above but for qty. up to 0.5 m3 at one location	10.00	No	95.00	950.00
-11	Excavation for pit including dewatering, removing of mud, shoring,	10.00	110	00.00	000.00
48	strutting,etc.for attending lekage of pipe line,etc. complete.	1.00	M3	261.25	261.25
10	Earth work in excavation (area grading) in all type of soil upto grade	1.00	inio	2011.20	201120
	level/required level as directed by Engineer-in charge and transportation and				
	disposal of excavated material to the dump sites within the lead of 03 (three)				
49	kms. Including maximum lift of 1.0 mtr	1.00	M3	90.63	90.63
	Backfilling to proper grade & level with selected available earth within a plant				
	area including re- excavating the deposited earth earlier, breaking clods,				
	laying at all depths and height in layers of 15 cm loose thickness, watering				
50	and ramming to compaction, dressing, etc. for general site grading & plinth	4.00		100 70	400 70
50	filling etc.complete	1.00	M3	100.70	100.70
51	- do - without consolidation	2.00	M3	76.00	152.00
	Surface dressing of the ground in ordinary soil including removing				
	vegetation, pebbles, aggregates and stacking as directed, excavation / filling				
	upto 150mm thickness, disposal of rubbish and excavated materials to a				
	lead of 1 Km. as directed or outside premises at suitable location, dressing,				
52	levelling to required gradient, compacting,etc. complete.	1.00	M2	12.08	12.08
	Filling fly ash under floors, in foundations, plinths, roads etc.including				
	spreading in layers of 15 cm loose thickness at all depths, watering,				
	consolidation, dressing and levelling, etc. complete. (Fly ash of required				
53	quantity shall be supplied at work site on specific request and the	1.00	M3	100.70	100.70
55	remained/unused quantity of fly ash shall be removed from site.) Same as above but Fly ash will be issued from fly ash silos. Necessary	1.00	IVIS	100.70	100.70
	transportation by fully covered dumper/truck shall be in the scope of				
54	contractor.	20.00	M3	211.47	4229.40
55	-do- but murram of approved quality including supply of murram.	1.00	M3	365.00	365.00
C)					
0)	FOUNDATION & CONCRETE WORKS: Supplying & laying to proper level and slope rubble soling in any thickness				
	as sub base for pavements, floor slabs, etc. including hand packing,				
	wedging, binding using bed material, watering, ramming, manually				
	compacting, dressing, etc. with all materials, labours, etc. complete. (Bed				
EC	material of required quantity shall be supplied at work site on specific		MO	1200 10	GEA EF
56	request and the remained/unused quantity of bed material shall be removed)	0.50	M3	1309.10	654.55

				. 	
	Providing 230mm thick rubble soling (Required quantity of rubble available at				
	JNT-13 of power plant) and filling voids with bed material in line and level				
	including all labour charges, tools and tackles required for completing the				
	work satisfactorily as instructed by Engg-in-charge to the line and level				
	incl.transportation of sand from site and rubble from JNT-13(conveyor				
	belt)location to work site. Segregation of suitable stone/breaking to required				
	size will be in the scope of contractor only. (Bed material of required quantity				
	shall be supplied at work site on specific request and the remained/unused				
57	quantity of bed material shall be removed)	0.50	M3	896.23	448.12
	Dressing and levelling and compacting of soil in base & side slope for			t t	
	construction of drain with rubble soling (Required quantity of rubble available				
	at JNT-13 of power plant) to proper line and level for base and side slope of				
	drain with rubble soling in thickness not less than 230 mm as base and side				
	slope for drain including bading with 20 mm thick cement sand mortar (1:5),				
	hand packing, wedging, binding, filling with cement-sand mortar (1:6)				
	material, watering, ramming, manually compacting, dressing, dewatering, (if				
	required) and pointing with cement-sand (1:2) mortar, curing with all				
	materials (except rubble), labours, etc. complete Rate is incl.transportation				
	of rubble from JNT-13 (conveyor belt) location to work site. Segregation of				
	suitable stone/breaking to required size will be in the scope of contractor				
58	only.	5.00	M2	271.89	1359.45
00	Providing & laying plain cement concrete 1:4:8 with 20 mm down graded	0.00	1012	271.00	1000.40
	stone aggregates in foundations, floors, etc. including tamping, curing,				
59	shuttering the edges, at all dept & thickness etc. complete.	3.00	M3	2416.80	7250.40
60	do- as above but qty up to 0.5 m3	5.00	No	1460.00	7300.00
00		0.00	110	1400.00	7000.00
	Providing anti-termite treatment and creating a chemical barrier at top				
	surfaces of plinth, junction of wall and floor along the periphery 'of building,				
	out side periphery, expansion joints, periphery of wood 'works, etc. with				
	approved emulsifiable insecticides at the rates and concentrations as per IS				
	6313 (Part-II) including drilling of holes 'minimum 200 mm deep -12mm dia.				
	at @ 300 mm c/c, filling with cement after completion of treatment, etc.				
61	complete as directed by 'Engr.	645.00	M2	85.60	55212.00
	Same as above but for Labour charges with all tools tackles, etc. necessary				
	insecticides required for the treatment shall be supplied free of cost by				
63	GIPCL at store).	10.00	M2	34.65	346.50
	Drevieling Deet construction anti-termite tractment for both times of termite				
	Providing Post construction anti-termite treatment for both types of termite				
	i.e. subterranean or ground nesting termites and non-subterranean or wood nesting termites having no contract with soil. Creating a chemical barrier at				
	top surface of floor (plinth area) ,junction of wall and floor along the periphery				
	of building, outside periphery, expansion joints, periphery of wood works,				
	etcwith approved emulsifiable insecticides at the rates and concentration				
	including drilling of holes minimum 200mm depth-12mm dia. at 300mm c/c,				
	Re plugging hole white white cement and finishing the surface good.				
64	complete as directed by engineer	10.00	M2	45.00	450.00
	Providing & laying plain cement concrete 1:2:4 with 20 mm down graded				
	stone aggregate in flooring, plinth pavements, walkways, 'etc. including				
	laying in alternate panels, tamping, curing, finishing 'top surface as required,				
65	shuttering, etc.complete.	2.00	M3	2678.62	5357.24
66	do- as above but qty up to 0.5 m3	5.00	No	1354.00	6770.00
	Providing & laying reinforced cement concrete of M15 grade or M20 'with 20				
	mm down graded stone aggregates in foundations, or super structures for				
	footing, columns, beams, walls, slab, lintels, chajjas, rafts, staircase, facias,				
	coping or any other places including leaving 'pockets, openings, vibrating,				
67	curing, etc. complete (excluding cost of shuttering cement & reinforcement)	F 00	MO	2790.20	12046.00
67	for the following: (a) For work below Ground level 0.00m. to 1.5m.	5.00	M3	2789.39	13946.95
60	(b) For work below Ground level 1.5m. to 3.0m.	1.00	M3	2849.81	2849.81
68	© For work above, Cround level 0.00m to 5.0m	0.00			
68 69	© For work above Ground level 0.00m. to 5.0m.	2.00	M3	2789.39	5578.78
	© For work above Ground level 0.00m. to 5.0m. same as above item but for content below 0.5 M3 at one location and for all elevations	2.00	M3 M3	4028.00	8056.00

exceeding encasing beams/po and curing	and laying cement concrete 1:2:4 nominal mix in layers not 150 mm depth well consolidated in foundations and steel I beams or Electric pole encasing including surface cleaning of I les, preparing and ramming the base before placing the concrete g, watering, compacting, dewatering (if required) etc. all complete cost of formwork as directed by Engineer in charge including cost				
71 equipmen	bours, supervision, materials (except free issue of cement), ts, tools & tackles.	1.50	M3	3061.28	4591.92
M150 incl	and laying 50mm thick damp proof course in cement concrete uding placing, tamping, curing, shuttering,applying two coats of hot grade 80/100 at rate of 1.7 Kg./M2, spreading uniform layer of				
72 sand over	hot bitumen, etc. complete.	2.80	M2	260.00	728.00
below or a centering, per specif medium s	erecting & removing form work of concrete works at all elevation bove grade level and for all shapes including scaffolding, bracing, providing, openings/ cutouts/'pockets, etc. complete as ications and as directed by Engineer. (a) Form work to give mooth finish using plain swan & wrought timberboards for				
	ns, rafts, pedestals, grade beams, columns, etc.upto G.L.	1.00	M2	226.58	226.58
using she	vork to give fair & smooth finish for exposed concrete surface ating formed from tongued and groved boards/plywood steel column, beams, chajas, slabs, walls, coping,facias, fins, etc. (i)				
74 For height	upto 5.0 m	1.00	M2	226.58	226.58
. ,	ght above 5.0 m	1.00	M2	246.72	246.72
above 3.0	and erecting / fixing at position scaffolding work for any height mtr. level and removal after completion of work including all & labour For scaffolding work without making holes in existing				
	on (i.e. double scaffolding)	1.00	M2	140.98	140.98
	narges for erecting / fixing at position scaffolding work for any rel and removal after completion of work including all fitting				
77 materials		1.00	M2	105.00	105.00
Labour ch reinforcen annealed	arges for cutting, lapping, placing and fixing in position of nent bars at all elevations including binding with 18 gauge soft black wire, etc. complete shown on drawings or as directed by for the following: 'For Mild Steel and High yield strength deformed				
78 bars		0.10	MT	8922.02	892.20
	of M.S. inserts like pipes, angles, channels, Frame etc. including				
	, scaffolding, etc. at all heights. with cement concrete, etc. as directed.	1.00	No	120.84	120.84
	on MS frame with cement plaster and match with existing surface	1.00	110	120.04	120.04
-	or/Window/Ventitator in cluding removing of damaged MS surface				
80 area at an	y height as per instruction of Site Incharge	1.00	No	155.00	155.00
M:30 mix shelves, e mould, vib finish, pro position,b making go specificati	and erecting in position precast reinforced concrete elements of with 20 mm down graded stone aggregates for trench covers, tc. as per specified size and thickness including preparation of ra ting, tamping,curing, finishing the top surface to give smooth viding lifting lugs, transportation to site, aligning & fixing in reaking concrete surface, if required, proper fixing in position and ood, etc. complete but excluding cost of reinforcement, as per on and as directed by Engineer. (a) For unit weight not exceeding				
81 200 kg	it weight shows 200 Kg. 8 upts 500 Kg	1.00	M3	8056.00	8056.00
Providing	it weight above 200 Kg. & upto 500 Kg. and erecting in position precast reinforced concrete FSRC cover (Including cost of Cement & Raiforcement steel) as required	1.00	M3	8257.40	8257.40
83 x 0.450m		1.00	No	380.00	380.00
	60m x 0.60mx0.075m	1.00	No	515.00	515.00
	90m x 0.90mx0.075m	1.00	No	1025.00	1025.00
cost of Ce preparation approved	and fixing in position precast reinforced concrete Block (Including ment & Raiforcement steel) in cement mortar 1:6 including n of sub-base in proper grade & camber, compacting, laying in pattern, pointing, watering, curing etc. complete as directed by				
86 Engineer.	(a) size 0.450m x 0.450mx0.075m	1.00	M2	1465.00	1465.00
87 (b) size 0.	450m x 0.450mx0.050m	1.00	M2	955.00	955.00

	Providing and fiving in position Prince Make (DUPAEIT) Manhale source for			r r	
	Providing and fixing in position Prince Make-(DURAFIT) Manhole covers for 05 metric Ton capacity chambers (a) size				
	0.600m x 0.600m	1.00	No	5070.00	5070.00
	(b) Size Circular 0.500m	1.00	No	4010.00	4010.00
	© Size 0.900x0.600m	1.00	No	6715.00	6715.00
	Providing and laying 1:4 cement sand screeding average 'thickness of 60mm	1.00	NO	0710.00	07 10.00
	over RCC surface including cleaning 'the surface, curing, etc. complete as				
	directed.	1.00	M2	206.44	206.44
D)	BRICK WORK, RR MASONRY PLASTER, FLOORING				
	Providing & laying uncoursed random rubble masonry in cement mortar 1:6				
	using aproved quality locally available stones of good quality for wall footings				
	etc., including scaffolding wherever necessary, curing, raking joints,				
	dewatering wherever necessary etc. complete for work below ground/grade				
	level at all depth and above grade level up to plinth as per specifications and	1 00	MO	1012 20	1012 20
	drawings Providing & laying brick masonary of 230/345 mm thick and above in cement	1.00	M3	1913.30	1913.30
	mortar 1:5 using aproved quality locally available bricks, including scaffolding				
	wherever necessary, curing, raking joints, etc. complete as per				
	specifications and drawings: a) In foundations and in				
	works below plinth/grade level.	9.00	M3	2416.80	21751.20
94	b) 0.00m. to 5.0m.	2.50	M3	2618.20	6545.50
	c) 'Same as item but for quantity upto 0.5 M3 at one location and for all				
	elevations	2.00	No	2452.05	4904.10
	Same as above item no.93, but fly ash bricks supplied by GIPCL on				
	chargeable basis at basic rate of Rs. 2.0 per brick. Trnsportation of Bricks				
	from Deep firm house to workplace shall be in the scope of contractor				
	a) In foundations and in works below plinth/grade level.	1.00	M3	1900.00	1900.00
	b) 0.00m. to 5.0m.	1.00	M3	2090.00	2090.00
	Providing & laying 115 mm thick brick masonry walls in cement mortar 1:5	1.00	MO	2000.00	2000.00
	including providing RCC mullions and transoms as shown on the drawings				
	or as specified using approved quality locally available bricks, including				
	scaffolding wherever necessary, curing, raking joints, etc. complete				
	(reinforcement, shuttering and concrete of transoms and mullions will be	= 4 00			
98	measured and paid for separately). a) 0.00m. to 5.0m. b) 'Same as item but for quantity upto 0.5 M2 at one location and for all	51.00	M2	302.10	15407.10
	elevations	0.80	M2	307.14	245.71
	Same as above item 98, but fly ash bricks supplied by GIPCL on chargeable	0.00	1112	307.14	245.71
	basis at basic rate of Rs. 1.40 per brick. Transportation of bricks from DEEP				
	farm house to work place shall be in the scope of contractor				
100	a) 0.00m. to 5.0m.	0.58	M2	270.75	157.04
	Providing smooth cement plaster 13 mm thick in cement mortar 1:4 for RCC,				
	brick work including scaffolding, curing, etc., complete as per specifications.				
		265.00	MO	140.09	E14E7 70
	a) 0.00m. to 5.0m. b) Above 5.0m. & upto 10.0m.	365.00 1.00	M2 M2	140.98 151.05	51457.70
	Same as item no.101 but for quantity upto 0.5 M2 at one location and for all	1.00	IVIZ	151.05	151.05
	elevations	5.00	M2	151.05	755.25
100		0.00	1112	101.00	700.20
106	Same as above item no 101 but including providing chiken mesh at all level.	1.00	M2	191.33	191.33
	Providing 6 mm thick cement plaster to ceiling in cement motar 1:3 including	1.00		101.00	101.00
	scaffolding, curing, etc. complete.	1.00	M2	135.95	135.95
	Providing exterior sand faced cement plaster 20 mm thick in 2 layers (first				
	layer of 14 mm and second layer of 6mm thickness) in cement mortar 1:4				
	using approved quality sand for second layer finished on RCC, brick work,				
	including scaffolding, curing, etc. complete as per specifications.	1.00		474.00	474.00
	a) 0.00m. to 5.0m.	1.00	M2	171.00	171.00

		1.00	RMT	40.28	40.28
110	Prov.& making 12 mm x 12 mm grooves in plaster			1	
110	Providing flush pointing with cement mortar 1:3 on brick work for walls, floor,				
110	Providing flush pointing with cement mortar 1:3 on brick work for walls, floor,		M2	176.00	176.00
110 111	Providing flush pointing with cement mortar 1:3 on brick work for walls, floor, etc. at all elevations including curing, racking out joints, etc. complete.	1.00	M2	176.00	176.00
110 111	Providing flush pointing with cement mortar 1:3 on brick work for walls, floor,		M2	176.00	176.00

	Providing & laying brick on edge flooring in cement mortar 1:6 including				
	preparation of sub-base in proper grade & camber, compacting, laying in				
113	approved pattern, pointing, watering, curing etc. complete as directed by Engineer.	20.00	M2	302.10	6042.0
115	Providing & laying brick pitching at floor/sides of drain etc. in CM 1:6	20.00	1012	302.10	0042.00
	including preparation of sub base in properline & level, compecting, laving in				
	approved pattern,pointing,watering,curing etc.completed as directed by				
114	Engineer.	390.00	M2	301.00	117390.00
	labour charges for making temporary walking track at required site including				
	necessary levelling work and laying of bricks/Pavered Block/precast Tiles				
115	and removed it as per instruction of site incharge.	1.00	M2	30.00	30.00
	labour charges for making temporary walking track at required site including				
	necessary levelling work and laying of bricks/Pavered Block/precast Tiles				
116		1.00	M2	18.00	18.00
	Same as above item but fly ash bricks issued by GIPCL on chargable basis				
117	of Rs.1.40 per Brick. Transportation of Bricks from DEEP farm House to work place shall be in the scope of contractor.	1.00	M2	187.00	187.00
117	Providing & laying 40 mm thick (1:2:4) Indian Patent Stone flooring with	1.00	1012	107.00	107.00
	cement concrete 1:2:4 using 10 mm down graded black trap aggregates at				
	various elevations, in alternate panels including preperation of base, finishing				
	to line levels & camber, rounding junctions and corners,curing, edge	0.00		004.04	4000.00
118	shuttering etc., complete as per 'specifications and as directed by Engineer. Providing & laying Machine cut 25 mm to 40 mm thick polished Kota stone in	6.00	M2	231.61	1389.66
	flooring, dado, skirting, etc. laid on 20 mm thick cement mortar 1:4 mix in				
	proper line & level including machine polishing to the satisfaction of Engr.				
119	etc. complete as directed by Engr in charge.	1.00	M2	805.60	805.60
	Same as above item but for risers, treads, platform patti, etc.	1.00	M2	951.62	951.62
	Same as above item no 119 but for machine cut, double polished for				
121	'partitions, selves in cupboard, etc.	1.00	M2	996.93	996.93
122	'Same as above item 119 but for approved quality marble stone .	1.00	M2	1145.00	1145.00
	Providing and laying 20mm thick semi polished kotah stone slab with machine cut sides in planter box/sitting benches over a bed of 20mm 'thick in				
	cement mortar 1:4, including pointing the joints with white cement slurry				
	mixed with matching pigments including providing edge bevelling of both				
	edge of stones of required profile as approved by Engineer in charge				
123	including buffing, waxing all complete as directed.	1.00	M2	1094.00	1094.00
124		1.00	M2	1250.00	1250.00
	Labour Charges for laying Machine cut 25 mm to 40 mm thick polished Kota				
	stone in flooring, dado, skirting, etc. laid on 20 mm thick cement mortar 1:4				
405	mix in proper line & level including machine polishing to the satisfaction of	0.50	Mo	400.00	00.00
125	Engr. etc. complete as directed by Engr in charge. Providing & laying vinyl PVC tiles/ rolls on flooring, skirtings, etc. with 2mm	0.50	M2	186.00	93.00
	thick `CARARA' `WONDER FLOOR' or equivalent make 'of approved colour				
126	all as per manufacturer's instructions and as 'directed by Engr.	1.00	M2	835.81	835.81
	Providing & laying black/green granite of approved quality including cutting,				
	placing in line and level on 20mm thk. CM 1:3 bedding and cement paste,				
	filling the joints with approved colour cement, cleaning, finishing in all				
127	respect, etc. complete as directed by Engr. in charge.(Basic rate of granite Rs.150 / Sq.ft.)	1.00	M2	2235.54	2235.54
121	Polishing work of existing terrazo/ kota stone/ marble/ mosaic tiles, on floor,	1.00	1012	2200.04	2200.0-
	terrace, dado and skirting with machine and by hand in single or double				
	operation including filling the joint with grey, white or coloured cement,				
	levelling by grinding with machine and bringing the floor to granothick finish				
	including washing, cleaning with oxatic acid and polishing the floor with wax				
		200.00	M2	80.56	16112.00
128				00.00	10112.00
128	polish with all labour, materials, etc. 'complete.	200.00

	labour charges for welding in any size of dia HDPE.Pipe joint of in open or underground pipeline as per direction of Engineer in charge including				
	welding, materials and necessary tools & tackles for Joint. Electricity supply				
	for welding, cutting will be provided by GIPCL (Excluding Excavation &				
521	Backfilling work)	1.00	Joint	310.00	310.00
-	Providing & attend pipeline Outlet/Inlet of any type fitting such				
	WC,WB,Urinal etccomplete using of cement, chemical as per requirement				
522	and complete the job.	1.00	No	78.75	78.75
523	As above- but only labour charges	1.00	No	52.50	52.50
	Labour charges for remove gijjar and refix it as per instruction of Electrical				
524	site incharge	1.00	No	52.50	52.50
	Providing & fixing of PVC Flexible Wast Pipe of 1" for Wash Basin/Urinal	1 00		00.00	00.00
525	Etc	1.00	No	26.00	26.00
526	Providing & Fixing of Check nut of 1" size including required washers etc. for	1.00	No	105.00	105.00
	sintex water tank. Providing & fixing of PVC Wast Coupling of Sink.	1.00	No	286.75	286.75
	ROAD WORKS	1.00	NU	200.75	200.73
<u>,</u>	Providing & laying compacted 230 mm thick boulder soling using approved				
	quality rubble with interstices filled with smaller pieces, using murrum as				
	binding material including watering, properly compacted with power roller to				
528	correct line and level and slope as per specifications.	0.50	M3	1883.00	941.50
	Same as item no. 528 but using rubble available at JNT-13 (conveyor belt)				
529	including transportation of same at location to work	0.50	M3	906.30	453.15
	Providing and laying 75 mm average consolidated thick , built up spray grout				
	with Drum mix Plant 80 to 120 TPH capacity producing an average output of				
	75 tonnes per hour using 45 mm to 65 mm downgraded black trap				
	aggregates (Proportion shall be as decided by Engr in charge), premixed				
	with bituminous binder @ 2.50% by weight of total mix of mix and filler				
	including applying tack coat over WMM surface at rate of 0.50 kg/m2,				
	including mixing by Drum mix plant as case may be, transporting required				
	hot material at site, spreading, laying & leveling the mix with paver at the				
	specified line, level and camber, rolling with 10 tonne vibro roller and using				
	0.13 cum. of key aggregate per 10 sq. mtr. and also including cleaning of				
	WMM surface etc complete all as per detailed technical specifications and				
530	as directed by Engineer-in-charge.	1.00	M2	362.52	362.52
	Providing & Laying 35 mm consolidated thick dense bitumen premix carpet				
	using 20mm and 10mm downgraded black trap aggregates (Proportion shall				
	be decided by Engineer-in charge) and using bitumen 60/70 grade as binder				
	at 56 kg/m3 of aggregates(3.70% bitumen by weight of total mix of mix)				
	including applying tack coat over semi grouting surface at rate of 0.50				
	kg/m2, including mixing by Drum mix plant, transporting, spreading and				
	leveling by paver at the specified line, level and camber, rolling with heavy				
	duty vibro roller and also cleaning of surface using brush etc complete all as				
	per detailed technical specifications and as directed by Engineer-in-charge				
531		1.00	M2	288.00	288.00
	Providing & laying average 25mm consolidated thick bituminous concrete				
	(BC) using black trap crushed stone aggregates as per required gradation				
	and tack coat @ 2 Kg per 10 M2 and the 60/70 VG-30 grade asphalt at 5%				
	(i.e. 50 Kg per MT) by total weight of mix of mix hot laid process using drum				
	mix plant including heating and mixing asphalt & materials by drum mix				
	process, transporting the mix and laying by paver finisher including				
	consolidation with vibratory roller, etc all complete as per specifications				
532	and instructions of Engineer-in-charge.	1.00	M2	167.16	167.10
	Same as above item description of item nos. 531 and 532 but quantity on				
	weight basis supplied by dumper. Contractor shall carry out weight of empty				
	dumper and loaded dumper or tractor trolley and shall produce weigh bridge				
	slip for measurement purpose. Material to be used at various random				
533	locations inside plant or colony as per above item description.	1.00	MT	3136.81	3136.8
	Providing reinforced cement precast units for road curbing of site 500 x 400				
	x 100 mm with concrete of grade M15 with 20mm down graded aggregates				
	for all leads and levels including providing necessary moulds for exposed				
	shuttering, vibrating, tamping, curing, transportation, aligning and fixing in				
	position, jointing with CM 1:3, necessary excavation, backfilling,compacting				
	properly etc. complete as per specifications and instruction of Engr (except				
521	properly, etc. complete as per specifications and instruction of Engr (except reinforcement).	1.00	RM	261.82	261.82

	Deviding & Josian DOO home aire and families to share NDO including a straight				
	Providing & laying RCC hume pipe conforming to class NP2 including cutting				
	of roads wherever necessary excavation, laying in position, beding, jointing,				
	grouting,backfilling, testing, etc. complete as per specificaiton.				
535	a) 600 mm dia	1.00	RM	1777.36	1777.36
	b) 450 mm dia	1.00	RM	1359.45	1359.45
537	c) 300 mm dia	1.00	RM	835.81	835.81
538	d) 150 mm dia	1.00	RM	523.64	523.64
	Same as above but labour charges for laying of RCC hume pipe including				
	transportation from store, etc. complete (RCC pipes & collar shall be				
530	supplied free of cost at GIPCL store. a) 600 mm dia	1.00	RM	513.57	513.57
	b) 450 mm dia	1.00	RM	412.87	412.87
	c) 300 mm dia	4.00	RM	312.17	1248.68
	d) 150 mm dia	1.00	RM	206.44	206.44
	Repairing of Road patches including removing damaged portion, cleaning &				
	disposal of loose materials, Providing & Laying built up spray grout base				
	course, carpet, seal coat layer, painting with bitumen and make the patches				
E 40		1.00	MO	000 00	000 00
543	perfectly in order and match with existing road surface. Providing, Laying, spreading and compacting W.B.M. 150mm thick average	1.00	M2	906.30	906.30
	thickness of Grade I as per Morth specification using machine crushed M.C.				
	metal of 45mm to 63mm with using 0.16 cum/10 sq. mt. of 6mm to 10mm				
	grit/binding material and 0.08 cum/10 sq. mt. of stonedust/binding material				
	including spreading in uniform thickness, watering and consolidation with				
544	vibratory roller etc. complete.	1.00	M2	1575.00	1575.00
	Providing and applying primer coat with slow setting Bitumen emulsion of				
	approved make or as directed by Engineer-in-Charge on prepared surface of				
	granular base with low porosity on WMM including clearing of road surface				
	and spraying primer at the rate of 0.60 kg/M2 using mechanical means with				
545	pressure distributor and as per relevant clause of Section-500 and as directed by Engineer-in-Charge.	1.00	M2	33.25	33.25
545	Excavation for removal of excess soil including earth work in excavation,	1.00	1012	55.25	00.20
	transporting, disposal within 3.5 kms radius for paving etc., including all as				
	directed by Engineer-in-charge (For arriving required depth, initial level and				
- 10	final level shall be taken in presence of E-I-C). Rate shall be inclusive of	4.00		150.00	150.00
546	removal of vegetation, roots, grass, bushes, etc	1.00	M3	156.09	156.09
	Filling of fly ash at average thickness of 300 mm for road and side shoulders				
	including spreading, laid to proper camber and gradient not more than 300				
	mm depth, watering, consolidation, dressing and leveling, etc. complete as				
	directed by Engineer in Charge. (Fly ash of required quantity shall be				
	available from silo but transportation, loading, unloading shall be in				
E 47	contractor's scope). The fly ash filling shall be compacted in layer wise (not	4.00	Mo	450.00	450.00
547	more than 300mm in each layer) with water flooding using water tanker. Supply of following material at SLPP site including transportation, taxes &	1.00	M3	156.09	156.09
	duties etc complete.				
548	(I) Stone Aggregate of 20 mm down	1.00	M3	805.60	805.60
	(II) Stone Aggregate of 40 mm down	1.00	M3	1007.00	1007.00
550	(III) Stone Aggregate of 40 to 63 mm down	1.00	M3	1007.00	1007.00
	(IV) Supply of quarry dust material	1.00	M3	503.50	503.50
	(V) Supply of Sand (Black or bodeli white)	1.00	M3	1107.70	1107.70
553	(VI) Supply of Fine Sand (Narmada)	1.00	M3	756.25	756.25
	(VII) Supply of Ash Bricks		Per 1000		
554		1.00	Nos.	2618.20	2618.20
	(VIII) Supply of Rubble of size 300 to 500 mm size at Colony	1.00	M3	906.30	906.30
	Providing and filling expansion jints in concrete road by 25 mm thick SILFEX		-		
	pre molded compresible filler board in black colour, of approved make				
	(Supreme indusrties or equivalent) conforming MORTH specification				
	(Clause1015), having minimum desity of 95 kg/cum, non staining with less				
	than 1% absorbtion & compression recovery of 93% minimum as per the				
	specification and filling with bitumen tar and sand mixture to finish the top				
	surface including all material, labour, transporttation tools & tackles etc				
556	complete as directed by E-I-C.	1.00	RM	988.00	988.00
	· · · · · · · · · · · · · · · · · · ·				

	Providing, Laying, spreading and compacting graded stone aggregate to wet				
	mix macadam (WMM) in two layers not more than 100mm thick each layer				
	and total average thickness 200mm (Compacted thickeness), as per				
	detailed specification, premixing the material with water at OMC (Optimum				
	Moisture Content) in mechanical mix plant carriage of suitable mixed				
	material by tipper to site, laying in uniform layers with paver in sub-				
	base/base course on well prepared surface and compacting with vibratory				
	roller to achieve the desired density as per clause 406 and as directed by				
557	Engineer in charge.	1.00	M3	950.00	950.00
557	Asphalt Painting with applying evenly on road surface with bitumen 60/70	1.00	1015	330.00	330.00
	grade @ 7.5 Kg per 10 M2 including heating the asphalt and spraying the				
	same then spreading approved sand over the treated surfaces at the rate of 0.5 M2 per 100 M2 and also algorized of surface using brunch & dispersed of				
	0.5 M3 per 100 M2 and also cleaning of surface using brush & disposal of				
558	dust/waste outside the premises etc all as per specifications and	1.00	M2	45.32	45.32
550	instruction of Engineer-in-charge. Providing and laying of hot applied thermoplastic compound 2.5 mm thick	1.00	IVIZ	45.52	40.02
	including reflectorising glass beads @ 250 gms per sqm area, thickness of 25 mm is evolutive of surface applied glass beads as per IBC:25. The				
	2.5 mm is exclusive of surface applied glass beads as per IRC:35 .The				
	finished surface to be level, uniform and free from streaks and holes all				
	complete as per Technical specifications of MORTH Clasue no. 803 for				
FFO	Lane, centre line, edge, directional arrows and letters, etc. as directed by the	1 00	M2	370.50	370.50
558	Engineer-in-charge.	1.00	IVIZ	370.50	370.50
	Providing and fixing of road stud 100x 100 mm, die-cast in aluminium,				
	resistant to corrosive effect of salt and grit, fitted with lense reflectors,				
	installed on asphaltic surface by drilling hole 30 mm upto a depth of 60 mm				
- 00	and bedded in a suitable bituminous grout or epoxy mortar, all as per BS 873	1.00	N.	007.50	007 50
560	part 4:1973	1.00	No	367.50	367.50
	Providing and fixing of retro- reflectorised cautionary, mandatory and				
	informatory sign as per IRC :67 made of encapsulated lens type reflective				
	sheeting vide clause 801.3, fixed over ACP sheeting, 1.5 mm thick				
	supported on a mild steel angle iron post 75 mm x 75 mm x 6 mm (height				
	from crown level of the road and bottom of the sign board shall not be less				
	than 1.5 m.) firmly fixed to the ground by means of properly designed				
	foundation with M15 grade cement concrete 45 cm x 45 cm x 60 cm, 60 cm				
	below ground level as per approved drawing including painting of vertical				
	post as per specification. as per specifications and as directed by				
	post as per specification. As per specifications and as directed by
